KAMLOOPS WANTS COLLEGE TOO BUT ALSO BACKS KELOWNA SITE

VICTORIA (CP)—A cabinet minister asked a cabinet minister Thursday to give consideration to starting a junior college in Kamloops before 1975.

Highways Minister Gagliardi made the request in the legislature to Education Minister Peterson after the latter had announced that legislation will be introduced enabling the creation of junior colleges (See this page).

Mr. Peterson specifically mentioned the Kootenay, Okanagan and Vancouver. The Macdonald report on higher education said that colleges should be established in these areas first.

Mr. Gagliardi, MLA for Kamloops, suggested to Mr. Peterson that in implementing the Macdonald report he should not overlook the tremendous growth around Kamloops.

He agreed with the creation of a college at Kelowna, recommended in the report, but long before 1975 another college would be a "positive necessity" in the Kamloops area. The college would serve an area bounded by Quesnel, Williams Lake, Lillooet, Boston Bar, Revelstoke, and Salmon Arm.

French Labor Unrest Grows: Sympathy For Strikers Shown

PARIS — Electrical and gas workers held a two-hour sympathy strike today while a week-old walkout continued in France's coal mines.

Growing labor unrest moved swiftly toward a major crisis between President de Gaulle's government and Communist, Socialist and Catholic unions.

Workers in the nationalized electrical and gas industry walked out to protest the government's drafting of the 200,000 striking coal miners. Metal workers in eastern France and the upper Loire Valley scheduled a one-day walkout Tuesday, charging that the draft order abridged the right to strike.

URGE GENERAL STRIKES

The Catholic Labor Union in the Moselle region of eastern France called for a nationwide general strike in both private and government-run industries. By defying the draft order to return to the pits, the miners

Revolt In Lebanon Sparked By Pro-Nasser Army Group

BEIRUT, Lebanon (AP) — Pro-Nasser army officers launched a revolution in Syria today and claimed control of the country. But Turkish officials in Ankara received reports of violent street fighting in Damascus.

Western diplomats in Cairo had reports from Damascus that no resistance to the coup had developed in the capital by mid-morning and street demonstrations in support of the army were taking place.

The Turkish foreign ministry said top leaders of the Syrian government, including Premier Khalid el Azem, had taken refuge in the Turkish Embassy in Damascus. Kudi is one of the most respected figures in Syrian political life.

Albany Repeals All Its Law Dealing With Segregation

ALBANY, Ga. (AP) — This southwestern Georgia city, scene of racial strife last year, has repealed all its segregation laws.

There was some bewilderment among white residents following the city commission's action. And Negro leaders pondered the impact of the seven-member commission's unexpected repeal Wednesday of every segregation ordinance on the books.

"The reason given by the commission was rather obscure," said M. S. Page, executive secretary of the Albany

Movement, which promoted anti-segregation demonstrations that landed hundreds of Negroes in jail last summer. The commission said the repeal of the segregation ordinances will bolster the city's legal position in racial issues.

"In our view this will strengthen rather than weaken the existing social patterns of racial segregation," a spokesman said.

The governing body refused repeatedly last year to negotiate racial problems, contending it would not act under duress.

Canadian Ambassador Charles Ritchie met with Rusk last Wednesday but they gave no indications of their discussions. A state department spokesman would say only that the meeting was held at Ritchie's request.

This was the second formal meeting between these two officials since the Canadian-U.S. nuclear controversy blew up into a political storm in Ottawa more than a month ago.

Gen. Lyman L. Lemnitzer, supreme commander of allied forces in Europe, has been meeting with Chancellor Konrad Adenauer this week to discuss West Germany's role in the NATO, and an increase in her uniformed manpower. (AP Wirephoto)

BLACKPOOL, UK, SENDS KELOWNA, BC, A GIFT

Two visitors from England, Allan Barker and Fred Holloway, intended to make their home in Kelowna. Mr. Holloway is a garage supervisor and Mr. Barker, a mechanic. The pair flew from Manchester to Kelowna airport in 14½ hours. With them they brought a sample of the 'Blackpool Rock', a gift from Mayor Richardson of Blackpool, a letter from the Blackpool mayor and an official guide book to Blackpool. Here, Mr. Barker, left, and Mr. Holloway, right, are pictured with Mayor R. F. Parkinson, who is receiving the letter and candy. (Courier photo)

BC To Have 4 Universities In Plan Revealed To MLAs

VICTORIA (CP) — Plans to provide British Columbia with four degree-granting universities were announced in the legislature Thursday night.

B.C. at present has one such institution—the sprawling university of British Columbia in Vancouver. Under a bill due shortly before the House three others will be authorized:

• Raising of Notre Dame College in Nelson, B.C., to full status;

• A new institution to be called Simon Fraser University, probably to be located in Burnaby, just outside Vancouver;

• Raising of Victoria College to Victoria University.

All four would be autonomous. Education Minister Leslie Peterson said.

OTHER POINTS

The announcement was the high point of legislative business Thursday as the House plowed doggedly ahead toward prorogation.

In other developments: The forestry committee was told, in a brief from the Truck Loggers' Association, that logging operators face a system of "blackmail" as a result of timber-bidding practices.

A bill was introduced with the eventual objective of certifying all tradesmen in B.C. for proficiency.

A productivity council was suggested to encourage and co-ordinate secondary industry.

Mr. Peterson also said legislation will enable the creation of two-year junior colleges in the interior.

Outside the House, he stated that planning of Simon Fraser University could start this year. But pressed for a deadline for start of construction, said:

"I wouldn't like to say when the actual sod will be turned. Structures of this size

usually take one or two years for planning. Perhaps this is a guide."

The loggers' representation was another of many submissions from throughout the province asking for protection for the small operator.

It was explained this way: When an established operator wants to cut an area of timber he as the government to put it up for auction. The request is generally made after considerable investment in road construction.

Sealed bids are submitted. The operator seeking the auction may not make the highest

bid, but he has the right to match the highest bid and acquire the timber.

However, sometimes he is approached "by an individual and threatened that unless the operator agrees to sell him a certain portion of the logs from the sale at a discounted price he would bid the sale up to the detriment of the operator."

Liberal Leader Ray Perrault said, in suggesting the productivity council, that the forest research centre should develop low-cost shelters which could be exported all over the world.

"Here we are on the rim of the Pacific, rich in forestry resources, and in Japan and India people are going homeless."

Sealed bids are submitted. The operator seeking the auction may not make the highest

bid, but he has the right to match the highest bid and acquire the timber.

UBC President Praises Speed On Learning Plan

Government Go-Ahead Plan Shows Urgency Awareness

VANCOUVER (CP) — UBC President Dr. John Macdonald, author of a far-reaching report on the province's needs for higher education, today lauded government plans to proceed with development of new institutions for higher learning.

But he emphasized that government recognition of the financial needs of the University of B.C. was as urgent as the need to establish additional institutions.

Dr. Macdonald was commenting on the announcement in the legislature at Victoria Thursday by Education Minister Leslie Peterson of legislation for establishment of two additional degree-granting universities in the province, provision for a fourth, private university at Nelson, and establishment of two-year junior colleges in the interior.

In making the announcement the government has demonstrated its awareness of the urgency of the task facing us. The university, for its part, is anxious to fulfill its obligations to the province by proceeding vigorously with its share of the responsibility.

Dr. Macdonald had also recommended two-year colleges in Kelowna and Castlegar and later, similar colleges elsewhere in the province. Mr. Peterson told the legislature this would also be provided for but the legislation did not set out the location of the colleges.

WORLD BRIEFLY

Big Swoop On Gamblers

WASHINGTON (AP) — Government tax agents raided 197 suspected gambling spots in 34 U.S. cities Thursday in another crackdown on gamblers operating without paying their federal gambling tax. More than 100 persons arrested, most of them charged with gambling without having bought a \$250 annual gambling tax stamp. A crackdown in December, more than 700 pinball machines were grabbed in 132 cities.

NINA GREETS WOMAN

ROME (Reuters) — The Italian Communist party newspaper L'Unita published today an article written by Mrs. Nina Khrushchev, wife of the Soviet premier, sending good wishes to all women on International Women's Day.

MOVES DELINQUENTS

MIAMI, Fla. (AP) — More than 50 residents of Miami Springs scurried to city hall to pay delinquent water bills Thursday. "I never saw anything like it," one clerk said. Then the truth was learned. A road grader accidentally cut the main water line and many residents thought their water had been cut off.

NOT LEWD

NASHVILLE, Tenn. (AP) — The words "by God" do not constitute lewdness, General Sessions Judge John T. Boone has ruled. Boone dismissed a charge against Don Maddux, 34, charged with using "loose and lewd language" on the telephone while inviting girls to attend Sunday school.

COMPLETE SUB TESTS

CAPE CANAVERAL, Fla. (AP) — The nuclear submarine Thomas Jefferson has completed a series of underwater Polaris missile firings with two successes in three launchings. The Jefferson will join nine other Polaris subs on patrol later this year after shakedown cruises.

Canada Trade Balances Well

OTTAWA (CP) — Canada had a favorable trade balance in January of \$38,400,000, the eighth month in a row in which the value of exports exceeded imports, the Dominion Bureau of Statistics reported today.

Exports for the month were an estimated \$548,800,000, with imports at \$510,400,000. This compares with exports of \$503,100,000 and imports of \$492,300,000 in January of 1962 when the export surplus was \$10,700,000.

For all of 1962 Canada had a trade surplus of \$70,500,000.

A higher deficit in January trade with the United States was more than offset by an increased surplus in dealings with Britain, the Commonwealth and other nations.

OTTAWA (CP) — Arrangements have been made to provide "adequate financial support for the unemployment insurance fund should it be needed," the Unemployment Insurance Commission announced Thursday.

"All those who are entitled to unemployment insurance benefits are assured that there will be no delay or inconvenience experienced in regard to such payments," said a statement.

Cuban Withdrawal Now Underway

WASHINGTON (AP) — State Secretary Rusk said today some movement of Soviet troops out of Cuba is under way and the Russians have shipping in position to withdraw several thousand men within the next week.

NEWSPAPER INDUSTRY LOST \$100M

NEW YORK (AP) — Representatives of publishers and striking printers agreed on a new contract today, clearing the way for an end to New York's newspaper shutdown that began 91 days ago and cost an estimated \$100,000,000.

A wage increase of \$12.27 weekly over a two-year period, and a reduction in hours to 35 from 36½ for the second year of the contract were key provisions.

Cost of the package is estimated at \$12.63 a week for each printer in the second year.

There was no indication how soon eight closed newspapers, which before the strike printed 5,500,000 copies a day, might resume publication.

The agreement is subject to union ratification, but Mayor Robert F. Wagner said he assumed it would be ratified in view of its unanimous endorsement by local and international officers of the International Typographical Union (AFL-CIO) and by the publishers. Wagner made the announcement at 6:30 a.m. He had proposed the settlement shortly after midnight.

MORE WORK AHEAD

"This means that the shutdown involving the printers will end as soon as the union completes negotiations of certain so-called cleanup issues and ratifies the agreement," said Wagner.

"In addition," he said, "negotiations involving other unions, two of whom are still on strike, will likewise have to be completed."

Still on strike are unions representing stereotypers and millers.

The shutdown deprived New York of all nine of their major dailies for 87 days. The New York Post broke the solid front of the Publishers Association of New York and resumed publication Monday. The other papers remained off the stands.

The third-party agreement Wagner worked out provides for a wage rise of \$8.51 the first year of the contract and \$5.76 the second.

The mayor said cost of the 35-hour work week is estimated by the publishers at 36 cents a week for each man.

Also included, Wagner said, are various terms to offset the effects of automation—called a prime issue in the dispute by the president of ITO Local 6, Herbert A. Powers. Asked for details, the mayor said it was complicated and he would rather not discuss it.

U.S. FLOOD VICTIMS BROUGHT TO DRY LAND

With floods ravaging many parts of the United States, scenes like this have become almost commonplace. An elderly couple, John Gormiller, 74, and his wife Hazel, 72, were brought to dry land after rising flood waters of the Miami River near Cincinnati, surrounded their home. A total of about 100 families were evacuated from their homes in the area. (AP Wirephoto)

Forces, Post Office Pay May Be Raised Hints Dief

GUELPH, Ont. (CP) — A year, he predicted. Addressing a crowd of 1,200 in this city of 40,000, Mr. Diefenbaker said a report on salaries in the armed forces is due later this month. "When it is received, it will be implemented," he said. He made this remark after referring to an impending report of the Civil Service Commission on the salaries of letter carriers and other post office employees. "We can't bring in the increases now," he said of the

NEW YORK STRIKE . . .

(Continued From Page 1) Wagner said the parties "agreed on what I presented and feel it is a fair settlement." The mayor said there also was agreement in principle on a common expiration date for all union contracts, subject to approval by other craft unions and the American Newspaper Guild. Amory H. Bradford, general manager and vice-president of the New York Times and chief negotiator for the publishers, said it was "a costly settlement but one which is acceptable to the publishers." Bradford estimated that if the package is accepted by the 2,000 printers and if the other newspaper craft unions accept similar terms—it will cost the papers about \$18,500,000 over the next two weeks. There was no indication that the agreement will result in an increase in newsstand prices of the papers. The city's morning papers now sell for five cents,

the afternoon editions for 10 cents.

STARTED DEC. 8

The newspaper shutdown—longest and costliest in this city's history—began Dec. 8, when the printers struck The Times, Daily News, Journal-American and The World-Telegram and Sun. Although their contracts with all the papers expired at the same time, the printers did not strike The Post, Herald Tribune, Mirror, Long Island Press and Long Island Star-Journal. These papers voluntarily although The Press continued to publish editions for circulation outside New York City. The Mailers' Union, a sister union of the ITU, joined the strike Jan. 9, and the stereotypers went on strike this week. Originally, the printers asked an increase of \$10 a week, plus fringe benefits the publishers said would bring their total cost to \$37 per week a man.

TODAY'S STOCK QUOTATIONS

TORONTO (CP)—Minus signs were scattered through all sections of the stock market as it moved fractionally lower during light morning trading today.		
Trans - Canada Pipe Lines, which has reported net profit in 1962 double that in the previous year, eased 1/4 to 26 on a first-hour volume of more than 5,500 shares. The company today announced that holders of 23 shares will be given the right to subscribe for \$100 principal amount of convertible subordinated income debentures.		
Interprovincial Pipe Lines also dropped, losing 3/4 to 80 1/2. Other industrial losers had Price Brothers off 3/4. Consolidated Paper and Royal Bank, each 1/4, and Bank of Montreal 1/4.		
On the up side Building Products and Canada Cement each gained 1/4, as Canadian Tire A and B.C. Telephone both rose 1/4.

TEEN SCENE

Delegates, Fencers From KHS Attend Functions At Coast

By DONNA GREGORY
After a well travelled and active weekend for many KHS activities have come back to normal and the students are resuming their studies.

Our student council president and vice-president, Bill Barber and Ann Pelly attended a two-day conference over the weekend at Vancouver. The delegates to the conference were given a tour of the University of B.C., attended several meetings and discussion periods, and also enjoyed a banquet and dance. The main purpose for the conference was to give those attending a look at campus life and activities, and information about the education at the university so they can report this to interested students at their school who may be attending UBC next year.

Several members of the Fencing Club also travelled to Vancouver last weekend to participate in some matches with UBC. The KHS fencers did very well as they defeated the more experienced UBC team. They also fared very well against several top fencers who live in Vancouver.

The casts of the three French plays travelled to Salmon Arm on Saturday to enter the French Drama Festival. All teams performed very well with the seniors play winning second place. Prizes for the best performance by a student went to Lynn Butler in the French 20 play and Pat Matchett in the senior play.

The girls' volleyball team travelled to George Pringle on Saturday to participate in a tournament. Kelowna placed second by winning two sets of games while Winfield won first place as they won three sets.

Both Kelowna and Winfield won the right to enter the Valley finals to be held in Kelowna on March 11.

Seven rinks from the KHS Curling Club entered the weekend at Osoyoos. The Doug Shinnick rink placed first in the "A" event and the Jim Kerr rink placed third.

The Doug Shinnick rink placed first in the "A" event and the Jim Kerr rink placed third. Russ Cmolik's rink won the "B" event and the Brian McCormick rink were runners-up.

This weekend several teams are entering the two-day Peachland Bonspiel.

The Y-Teens are sponsoring a dance called the "Leprechaun's Leap" to be held on Friday, March 11. Music will be played by the school dance band and refreshments will be served.

The price is 75 cents per couple and 50 cents single. Dress will be good school clothes.

With eagerness and excitement the students of Immaculata High School are preparing for the new set of events begun at the school.

Getting on to a more serious subject I might add that the students entering the UN contest are hard at it! We certainly wish them all luck, and we're hoping we'll have a winner!

This coming Saturday will also prove to be an exceptional day for the Immaculata bowling club. Our bowling team will join several other teams at the Meridian Lanes where they will participate in a bowling tournament.

The teams are looking forward to it with eagerness and mounting tension, as it draws nearer!

Tuesday morning saw Don McCauley, school president of Immaculata, posing for a picture for the newspaper. The big occasion—Don was notified that he was the first place winner in the Annual Foundation Citizenship Award Contest.

The Soviet Union claims to possess 57 per cent of the world's coal deposits, 58 per cent of its oil and 41 per cent of its iron ore.

Concerning last weekend's game in Penitence, the cheerleaders were commended for their good work. They certainly did a tremendous job in helping to keep the boys' spirit up where it should have been. The group of spectators who accompanied them, must be congratulated for their enthusiasm also.

Speaking of the Glee Club, Monday showed the start of a practice of hymns for a special occasion coming up on March 18. All are participating in the coming date with much excitement and have really been engrossed in the practice of the new selections.

Monday also saw the beginning of a new, exciting game in the house competition. The boys indulged in a fast moving game of hand soccer and the girls started with Danish handball.

All are looking forward to this new tournament of competition.

Anyone who is interested in going, and who would like further information please phone Marlene McCormick.

The Great Pyramid and the Sphinx have stood overlooking the Nile in Egypt for 4,500 years.

On the question of nuclear armament for Bomares, he said "there were no commitments made, we've not carried out." He repeated the aggressive Conservative policy of accessibility to nuclear weapons if danger proves them necessary.

Turning to the Bomarc anti-aircraft missile, he said the bomber threat, they were designed to cope with is diminishing and the Bomarc itself is "rapidly arriving at a point where it is no longer effective, and is not effective against missiles."

Public Speaking Contest Highlight Of Week At Dr. Knox

By KAY DAVIES
"Education Week" is so, for at least one week of the year, we, as students, realize that the main purpose of school is education!

We are educated in many many things in our schools besides the usual three R's, and one of these varied things is public speaking. This year public speaking was part of the usual English classes for grades VIII to X, and the finalists competed between themselves before the assembled school, then against other schools before the general public.

Knox's top public speaker this year is Allayne Farrow, who gave a stirring speech on the "Bird Man of Alcatraz." On Friday, March 1, Allayne competed with students from other schools in the district. She lost out, however, to Jennifer Poole of George Pringle.

Other speakers in the competition were Arthur Menu of Immaculata, speaking about the Arabs, Don Kawano of George Pringle, speaking on perseverance, and Garry Zelke of Rutland, who spoke on car racing.

The teachers and students fought their annual battle of the volleyball court again, and the students came out on top, despite little Miss Keil's frantic efforts to introduce the use of a step ladder into the game.

In the first game the score was 15-10 and in the second, 15-9. Mr. Magel wore his hilarious running shoes which gained him a reputation last year when he wore them to the track meet.

Mr. Joyce was resplendent in an ensemble of white short-sleeved and white T-shirt, while Mr. Bryant gave up his beloved band to his football teachers.

Other teachers in on the act were Mr. Saunders, with his baby-blue eyes always on the ball, and Mr. Lamont and Mr. Matte, an interesting duet dominated by the science lab, and French room.

The senior girls' basketball team is glowing still about their victory against Immaculata "way back on Feb. 22 . . . and why not? They got this 16-13 win in their first year as a team, and still proudly point out that the senior boys didn't win in their first season! Marguerite Johnson was high-scoring with six points.

Now that our basketball season is over, I'd like to put in a last good word for the three Knox teams, their coaches, Mr. Joyce and Miss Keil, and both the junior and senior cheerleaders.

ARREST 31 NEGROES
UMTATA, South Africa (Reuters) — Police announced today they have made another arrest in connection with the killing of five white persons near Engcobo in the Transkei bantustan territory last month. A total of 31 Negroes have been arrested, said Transkei Police Commissioner Col. F. J. Rossouw.

AND THE PUB HAD NO BEER

LONDON (AP) — A thousand students set out to drink a pub dry of beer Wednesday night. They succeeded, and police had to be called to close the bar.

The students took five hours to fulfil their task, part of a student carnival.

They gulped down 2,742 pints of draught beer and hundreds of bottles.

The drinking bout took place at the Six Bells public house in Chelsea the Bohemian section of London. A shout of triumph rose when the last pint of beer had been consumed.

After the pub landlord issued the familiar cry of "Time, gentlemen, please," police needed 20 minutes to clear the premises. Four youths were arrested for disturbing the peace.

Dimes March Said Complete

By LINDA MOIR
The 1962-63 March of Dimes Campaign is now over. The total money has not yet been counted, but we think the campaign went quite well.

The Teen Town dance held on Friday, Feb. 22 did not go over well at all. The "Nomads" from Vernon provided the music. We think the reason for the poor turnout was due to the dance being held on a Friday night.

On Saturday, March 9, there will be a Teen Town dance in Centennial Hall from 9-12. "Wee Dee and the Red Coats" from Vernon will provide the music.

On March 22, 23 and 24 there is an Okanagan Mainline Teen Towns Associated Conference in Oliver.

Anyone who is interested in going, and who would like further information please phone Marlene McCormick.

Peterson Clarifies Legislation

Pending B.C. legislation does not envisage a degree-granting college in the Okanagan said Education Minister Leslie H. Peterson today.

In a telephone interview with the *Penticton Herald*, he said, "Legislation before the house is concerned with three four-year universities, UBC, Victoria, and Simon Fraser, at Burnaby, and two-year colleges in the Okanagan, Kootenays and Vancouver.

"The four-year institutions are involved in the Universities Act legislation and junior colleges will be discussed in amendments to the public schools act," he said.

"It is wrong to say at this time, whether the Okanagan School will be a two- or four-year institution in the future, because this will depend upon enrollment and future requirements."

"My hope is the school will eventually be a degree-granting university but again this will depend on developments."

"This project will require Valley contributions," he said, "whether it is a two- or four-year institution as outlined in the Macdonald report on higher education."

More Than 400 Parents At Junior High Open House

By JENNIFER SHAW

Well over 400 parents accepted the invitation to visit the school for open house held on the Wednesday evening of education week.

All departments of the school were open for inspection and all contained interesting displays of students' work. The junior band under the leadership of two junior conductors, John Peters and Rodney Burns (students of Grade 9), demonstrated their capabilities early in the evening.

GYMNASTICS

This was followed by a display of gymnastics by a group of girls. The orchestra then added much to the evening by performing in the music room. Displays in industrial arts, home economics, science, social studies, art, english, and mathematics all claimed the attention of parents.

Principal F. T. Bance and the staff express gratification at the large attendance and wish to thank all parents for their cooperation and interest.

Four Appear In City Court

Four men appeared in police court Friday before Magistrate D. M. White. Three pleaded guilty and one was remanded to a later date.

Richard Alex Gunoff, 1188 Hillcrest Dr., Kelowna, pleaded guilty to a charge of speeding within the city limits and was fined \$20 and costs.

Tom Rowden, 338 Leon Ave., Kelowna, pleaded guilty to a charge of driving a vehicle with an overweight load and was fined \$50 and costs.

Douglas Lloyd Faulconer, 1039 Baille Ave., Kelowna, pleaded guilty to a charge of being an intoxicated person in a licensed premises and was fined \$200 and costs.

Alexander Badke, Kelowna, charged with causing a disturbance in a public place by swearing, was remanded in custody for psychiatric examination.

Fred MacDonald Dies Wednesday

Fred MacDonald, 3010 Tutt St., died Wednesday, March 6 at a Kelowna nursing home.

Funeral services will be conducted from Day's Chapel of Remembrance on Monday, March 11 at 2 p.m. Rev. Sydney Pike will officiate. Burial will be at the Kelowna Cemetery.

Surviving Mr. MacDonald are two sons, four daughters, ten grandchildren, eight great-grandchildren, two brothers, three sisters, 14 nephews and nieces.

Mr. MacDonald was predeceased by his wife in 1938 and a son, Alfred in 1941.

Day's Funeral Service Ltd. are in charge of the arrangements.

SUBSTITUTION

Mary Gabel and Donna Gorek were the delegates from George Elliot High School who attended the 16th annual High School conference at UBC last week-end. Donna Gorek went to the conference instead of Linda Nairne, who was ill at the time.

MORE THAN 60 people Thursday night attended the installation ceremonies for officers of the Winfield, Oyan, Okanagan Centre Chamber of Commerce conducted by C. A. Gabel, Okanagan Centre justice of the peace, (left). Installed for the first year of the new organization were Anthony "Sigh" Kobayashi, (center) vice-president and Henry Wachnicki (right) president. Representatives from both Kelowna and Vernon chambers of commerce attended. Chairman of the evening was Bernard F. Baker of Okanagan Centre. —(Courier Photo)

Parking Check Started at Arena

Beginning today, vehicles parked on the Arena parking lot in Kelowna's civic centre, are being checked by special traffic officer, Ian Collinson in an effort to learn who is using the lot.

Council instructed city engineer Ted Lawrence to carry out checks on the number of cars using the lot while shopping and the number of cars classified as "sleepers".

It has been proposed that the two rows at the north end be used for rental parking and the balance set aside for two-hour parking. The check being made by the city engineer will confirm whether this is advisable.

City Naturalists Club Hears Entomologist

James Grant, an entomologist with the Forest Entomology Laboratory in Vernon was the guest speaker at the March meeting of the Kelowna Naturalists Club this week.

In his talk Mr. Grant said "Insects are of great economic importance, but since this is usually because of their destructive actions, most people take an unfavorable attitude toward them."

He also estimated there may be 10,000 different species of insects in B.C. "This is only one hundredth of all species that probably exist on the earth. Within the province, the Okanagan is a favorable area for a variety of insects. It is probably the only part of Canada where four different species of true Tiger Swallowtail butterflies can be found."

Following his talk a number of slides of colored insects taken by the speaker were shown. A film on "Butterflies, Beetles and Bugs" was also shown.

During the business meeting which followed the talk, the members of the Kelowna Naturalists Club voted to join the recently organized British Columbia Nature Council, which will meet in Kelowna in May.

EDUCATION REPORT PRECIS AVAILABLE

In preparation for the all-day educational conference in Kelowna Saturday, officials at UBC have prepared a 10-page precis of Dr. John Macdonald's report on higher education in British Columbia.

Through the courtesy of the UBC Alumni in Kelowna, copies of this precis are available for the asking at the front desk of the Daily Courier.

William Todd Dies At 85

William John Todd, 85, of Peachland, an orchardist active in all civic affairs, died in Kelowna General Hospital last week.

Born in County Down, Ireland, Mr. Todd came to Canada in 1908 to Pipestone, Manitoba. In 1909 he returned to Ireland where Mr. and Mrs. Todd were married and returned to Pipestone the same year.

They resided there until 1923 when they came to Peachland, where he has been an orchardist until his retirement in 1936 due to ill health.

Mr. Todd has been a member of the Peachland School Board, the Peachland Council, the Official Board of the United Church and a past master of the Orange Lodge. He took a keen and active interest in all civic activities as long as his health permitted.

Funeral service for Mr. Todd was held from the Peachland United Church on Saturday, March 2, Rev. C. A. Warren and Rev. A. Foster conducted the service. Burial was in the Peachland Cemetery.

Surviving Mr. Todd are two sons, Jeffery in Peachland, and Leonard in Vancouver, one daughter Miss Sadie Mae Todd, in Peachland, eight grandchildren and one sister Miss Rose Todd in Pipestone, Manitoba. Mrs. Todd predeceased him in 1959.

Pallbearers were J. G. Sanderson, W. G. Renfrew, L. B. Shaw, R. C. Harrington, D. C. Cousins and H. F. J. Wilds.

No Major Change In Area Roads

The B.C. Highways Department at Kelowna, reports no major changes in provincial road conditions since yesterday.

Allison Pass — road mostly bare with some frost heaves. Watch for early morning frost.

Princeton — road mainly bare with frost heaves.

Bakers Falls — lots of bare sections. Slippery sections are riddled. Chains or winter tires still mandatory due to unforeseen snow.

Revelstoke — road bare and in good condition.

Kamloops — road bare and in good condition.

Fraser Canyon — road is bare with construction areas rough. Highway closed on Friday from 8:30 a.m. to 12 noon. No road closures on Saturday or Sunday.

Cariboo Highway — road bare with some frosty sections. Some frost heaves.

WORK PROGRESSING ON NEW VOCATIONAL SCHOOL

More than 70 workmen are on the job at the new Kelowna Vocational School, under construction on the KLO road on the southern outskirts of the city. The B.C. Department of Education is advertising for teachers and the school is expected to begin operations in September. Applications for enrollment are being accepted by the Apprenticeship and Trades branch of the Department of Labor. An apprenticeship officer is expected to be posted to Kelowna in the near future. —(Courier Photo)

New Valley Watercourse Said Area Need

Lionel Mercier, immediate past president of the Vernon Chamber of Commerce, Thursday night said there should be a navigation canal built from Enderby to the Okanagan Lake.

Mr. Mercier was guest speaker at the installation of officers for the Winfield, Oyan, Okanagan Centre Chamber of Commerce in March last attended by some 60 members of the chamber and their guests.

"Nothing brings people closer together than working together," said Mr. Mercier. "Especially in this Okanagan Valley is that true. No community in this valley can be an island. We now have a greater degree of co-operation than we ever had before."

"Let us further that co-operation. Many years ago this canal was proposed, and I feel it would be of great benefit to our area."

SEE UNUSUAL

"One of the major reasons tourists go to Paris is to see the Eiffel Tower. They go there to see the tower, to see the unusual."

"Tourism is soon to be the biggest industry in our Valley. Just think of a water system from Penticton to Kamloops, people would flock to the area just to see the beauties of our countryside from a boat."

"The only part of that waterway that is not part of that waterway is a mere 17 miles and it has been estimated it would cost only \$2,500,000. It would also increase the irrigable land by 100,000 acres."

"Look at Okanagan Lake today, it is 18 inches below normal and we have had no great amount of precipitation this past winter."

"We do not have too much water in the Okanagan," he said.

Mr. Mercier told the gathering of some of the projects the Vernon Chamber had embarked upon in the past, to show how the projects of one group could affect the lives of those in other communities.

RESPECT YOUR OWN

"We supported the changes in the milk board, we supported a regional planning office for the Valley and we sent out 50,000 brochures extolling the beauties of our district."

"Of course all of these brochures did not promote other areas of the Valley, but if people come to Vernon they will also see other parts of the area."

"If you don't respect your own home town you won't respect very much," he said.

Specifying of leadership, Mr. Mercier said a good leader was one who has the ability to inspire other people to work and the insight to foresee the needs of the community in which the work is being done.

"We need officers of this new chamber have a tremendous job to do, a tremendous future to do, a tremendous future to do."

Kasper Jochim Dies In Hospital

Kasper Jochim died in the Kelowna Hospital on Tuesday, March 5. He was born in Russia in 1899, and came to Canada with his parents to Saskatchewan in 1904.

Mr. and Mrs. Jochim were married in Tramping Lake, Saskatchewan in 1920 and farmed there for many years until they came to Rutland to reside in 1935.

He was employed with the Kelowna General Exchange in Kelowna until his illness early in February of this year.

Prayers and rosary were recited in Day's Chapel of Remembrance on Tuesday evening at 8 p.m. by the Rev. Fr. F. L. Flynn. The body is being forwarded to Tramping Lake, Sask. for burial in the family plot.

Surviving are his wife Apollonia and three sons, Kasper in Rutland, John in Tramping Lake, Sask. and Nick in Montreal; five daughters, Barbara (Mrs. J. Schan) of Manitoba, Magdalene (Mrs. M. Hoffert) of Enlida, Alta., Odella (Mrs. J. Fanzert) of Brandywine, Sask. and Sister Mary, Romano, in Primate, Sask., and Sister Mary Jane in Viscount, Sask.

Also surviving are two brothers, Frank Jochim, in Kelowna, Leonard Jochim in Revenue, Sask. and two sisters, Elizabeth (Mrs. C. Tiffer) in Portland, Oregon, and Regina (Mrs. Joe Stetler) in Port Hope, Ont.

Day's Funeral Service Ltd. are in charge of the arrangements.

Mayor Parkinson Lauds Area For New Chamber Formation

Mayor R. F. Parkinson, of Kelowna, Thursday night congratulated the area around Duck Lake for organizing the Winfield, Oyan, Okanagan Centre Chamber of Commerce. He was speaking at the installation of officers for the new group.

"You now have a group that can stand up and speak for your district," he said. "Many unorganized areas have no voice, they are only a creature of the provincial government and as such will remain unorganized."

"As individuals, people are lost in the wilderness, but as a group you will gain at least some of the things you set out to do."

"We cannot let petty jealousies interfere with our progress in the Okanagan Valley. This Valley will grow, in spite of us, and it is up to us to do our part to make it a better place in which to live," he said.

George Elliot Misses Visitors

By MAGGY FORRESTER

Last Monday, some George Elliot girls were understandably a bit blue missing their Omak and Okanagan visitors. Everyone was happy to see Christina, Marietta and Don home again.

In reporting to the students there were a number of interesting observations they had made. One of the major things they noted was that the basic rule at Omak High School is something of this nature: That every girl act like a lady and every boy act like a gentleman.

As one of the students said, "What more is there?" Homework assignments, they said, is the student's responsibility. He is given a sheet of assignments on Monday and if the assignments are not completed by the due date, nothing is said, but the grades showed it later.

On Friday, March 1, Don Kawnno, the winner in the school public speaking contest held the previous Tuesday, met fellow competitors at Dr. Knox High School.

Insurance Agencies Report At Meeting

EAST KELOWNA—The annual general meeting of the Central Okanagan local of two Kelowna insurance companies, the BCFGA Mutual Hall Insurance company and the Fruit Growers Mutual insurance company, was held at East Kelowna Community Hall this past week.

A full report of the past year's operation was given to a large group of policy holders by the chairman Nigel R. C. Pooley and the manager K. L. C. Jones.

C. Ross of East Kelowna and R. Jordsvar of Winfield were elected chairman and secretary respectively of the local for the coming year.

Named delegates to attend the annual general meeting of the companies on March 23 were R. Hov, Westbank; J. Duncan, Rutland; J. Blackey, Westbank; C. Ross, East Kelowna; J. Kiene, East Kelowna; T. Jordsvar, Winfield; J. Hamman, Westbank; J. H. Stuart, South Kelowna; E. Blackburne, East Kelowna; E. Malen, East Kelowna and Mrs. I. Fairweather, East Kelowna.

STUDENT EDUCATION WEEK ESSAY IV Okanagan Differs From The Peace

Editor's Note: This is the fourth in the series of stories written for Education Week by children in School District No. 23 under the direction of the Education Week committee.

By LYN FERRY
Glenmore Elementary

My family has just recently moved to the Okanagan and I have had quite a time adjusting to this new life. Our present home is on the outskirts of the city but I think we will be moving to a new subdivision. I don't enjoy living in the Okanagan's lakeshore city very well, but that is probably because I have been living on a ranch all my life.

We lived in the Peace River area in a little district called Montney. We were getting started as many people in that area, but when there was a big reason and lots of hard work, that overworked himself. This resulted in not selling our ranch to a man who had enlarged the place and is making a very good try to make it the biggest ranch in the country.

My two uncles were pioneers in the North Peace before my father went there. They were fur trappers and journeyed up the river on a raft with their furs after a long winter's trapping.

TRAPPERS

They trapped beaver, lynx, Hudson Hope, muskrat, and other small animals which sold for good prices in Peace River town. They were sold through main trading post for white men or Indian.

But the Peace River is not like that now.

In the last 10 or 12 years the poky villages have turned into towns. There is television in Dawson Creek, which is a city now, a radio station and a beautifully big new hospital in Fort St. John.

The railway is running through all parts of the North Peace area now. There is a big power plant in Taylor which also has grown. The newest project is a dam which is being built in the Peace River.

BEAUTIFUL

All of this of course cannot be compared to Kelowna. With her lakeshore beaches and beautiful buildings, she is very much like my father told us.

The climate is more than I expected. I thought it would be colder than it has been this winter. The green Christmas was the first I have ever experienced in my life.

From the information in the letters we have been receiving from friends in Fort St. John, it has been over 40 degrees below zero there. The lowest temperature here, this winter, has been about five degrees below.

I intend to leave the Peace and if there's any chance at all to go back there I will take it.

GETS KHRUSHCHEV'S AND MOLOTOV'S VOTES

Actress Yulia Borisova, a candidate for the Russian Federation's Parliament in the March 3 election, received the votes of Soviet Premier Khrushchev and former Russian bigwig Vyacheslav M. Molotov. The outcome of the election was known in advance as the candidates were unopposed. (AP Wirephoto)

Okanagan Centre WI Sponsors Basketry Class

A class in pine-needle basketry, sponsored by the Women's Institute of Okanagan Centre, is being held at the home of Mrs. B. Cooney, past-president of the Institute. Specializing in trays with bases of plywood, some 20 odd ladies are busy every Wednesday evening with Mrs. P. W. Pixton as teacher. Prime mover in this enjoyable get-together is Mrs. M. Houston, convener of handicrafts.

Uniform Marriage Act Planned For Australians

CANBERRA (CP)—Australia plans to reduce the number of unhappy marriages and cut the divorce rate by making it more difficult to wed in haste and by prohibiting certain marriages. Marriage now is governed by a hodge-podge of local economic and social laws administered by each of the six Australian states.

On July 1 a uniform Marriage Act will be proclaimed as complementary legislation to the Matrimonial Causes Act, enacted two years ago, which makes the grounds for divorce uniform in all states.

The Marriage Act includes safeguards against impetuously contracted marriages in which one or both of the parties are minors and which in many instances have led to unhappiness, broken homes and divorce.

For any marriage at all, the new law will require at least seven days notice in writing to the chosen celebrant of the intention of the parties to marry. The minimum age at which a girl may marry will be 16 years; minimum age for youths, 18. Present minimum ages are 12 and 14, respectively.

NO WAIVING
The prohibition of marriages between under-age children cannot be waived even by agreement of all the parents concerned.

Where circumstances are so exceptional and unusual as to justify making an order, a judge or a magistrate may authorize a marriage if only one of the parties is under the statutory minimum age.

In all cases where the female party to a proposed marriage is over 16, or the male over 18, but under 21, the written consent of both parents of the party will have to be furnished to the authorized celebrant of the proposed marriage.

ANN LANDERS

Let Her Know Its Raining

Dear Ann Landers: My spinster sister made a death-bed promise to mama that she would never be put in a nursing home. Without asking me, my sister said I would take her to live with me. That was six years ago when mama was 83. Today she is almost 90.

Sister's promise was a safe one because no nursing home would take our mother. She belongs in a mental institution. Father left her a substantial income from which she has been drawing interest for 23 years. She has not spent one dime of her own money since father died. She is saving it "for her old age."

My husband and I are going broke keeping nurses in our home around the clock. Mama can't be left alone for a minute and I haven't the strength to be with her more than eight hours a day. Even with nurses on duty she has set fire to the mattress twice.

Is this fair when mama has money of her own? She keeps saying she's going to leave all her money to a horse she sees on TV. It would not surprise me if she did. Please advise. —MARY

Dear Mary: You need a lawyer and I hope you get one fast. It is not fair for you and your husband to go broke caring for your mother when she has an income of her own.

People who put money away for a rainy day sometimes have to be told it's raining.

Dear Ann Landers: I was a booze-fighter when I met Wilma and the booze was winning. I had lost three good jobs because of my drinking. Wilma helped me off the juke and onto the wagon. I was bone-dry for 17 months—then Friday night it happened.

The office manager's wife had a baby girl after four boys. Ho

CHANGE HABITS
Buying habits of British housewives in recent years have changed to the extent they now spend half their food budget on processed food.

Dear Ann Landers: We raised our niece right along with our own children. Clara's parents died when she was nine and we treated her as if she were our daughter.

Last May she married a young man who is pleasant but brainless. He has a steady job at a mill and makes good money. My husband and I own a little grocery store. Every Friday without fail Clara and her husband come to the store and fill up two or three large shopping bags with whatever they need. Clara says "Thanks a lot" and they drive off.

Guides And Brownies Hold Mother-Daughter Banquet

The Glenmore Girl Guide Company and Brownies Pack celebrated the birthday of Lord Baden-Powell when they entertained their mothers at the annual Mother and Daughter banquet. After a salute to the flag, approximately 100 mothers, leaders and girls sat down to a delicious supper at which two of the fathers, Fred Payne and J. W. Butler, assisted with the serving. The tables were decorated with Guide place-cards, made by some of the girls and their leaders in the Guide colors with Guide and Brownie motifs.

Guests of honor were Mrs. Ken Jones and Mrs. Wm. Short, the former being Guide Commissioner of District No. 2 and the latter, Brown Owl in Glenmore for many years. Mrs. Short said the grace for the supper, which had been conveyed by Mrs. M. E. King, Mrs. Walter Robson, and Mrs. Ray McFadden.

A toast to Lady Baden-Powell was given by Barbara Robson, with Beverly Spierle toasting the mothers.

BUSINESS MEETING
A business meeting which followed, was chaired by Mrs. Wm. Robson, president of the group committee for the past two years, who, in giving her report, also mentioned that the assessment for the year ahead is \$3.00. A Guide report told of the two camps which Guide Captain Mrs. Eric Parmenter and the girls had attended at Cotnamwood Flats, and also one

at Stoke Vancouver Island which was enjoyed by two of the Glenmore Guides as part of a large group.

Meetings during the fall and most of the winter were held at the Dr. Knox school, but now that construction is complete the Guide Company is again using the Glenmore Elementary, which is more satisfactory.

Type-written sheets handed out to the mothers informed them of the many activities being enjoyed by the girls as well as the helpful projects in which they participate, including an organized collection of Halloween costumes which managed to raise \$500 in Kelowna and District for the Children's Emergency Fund.

AWARDS AND ACTIVITIES
During the year forty-four badges were awarded for crafts mastered by Glenmore Guides all regulated by the two leaders.

Brown Owl Mrs. H. B. Earle with her helpers Tawny Owls Mrs. Gordon Hurdle and Mrs. Bert Coover had a very active year, with the first half of it being spent in the activity room of Glenmore school and the latter half in the home of Mrs. Robson, which she kindly offered for their use while construction was underway at Glenmore school. The Pack has now returned to the activity room. The year's work included the cookie sale, caroling for UNICEF, entertaining with a

project show at the Guide Association luncheon, a visit to the library, a picnic at the park, and the receiving of the Golden Hand badges by four girls and the golden bar by ten of them. During the year fourteen twelve Brownies "threw up" to Guides. Handicrafts were enjoyed by all and even Scottish dancing was included in their program. On Sunday, Feb. 26th the Brownies and Guides attended church parade at the First United Church. The Guide Company and Brownies Pack each presented Mrs. Jones with \$5 as a contribution to the Friendship Fund, which assists finding needy countries. The Brownies gave a further \$15 to the Unitarian Committee through Mrs. Short.

ELECTION OF OFFICERS
Election of officers took place with Mrs. Jones in the chair. Officers for the coming two year term will be:

President, Mrs. W. F. Morton; Vice-president, Mrs. Fred Payne; Secretary, Mrs. P. W. Newton; Treasurer, Mrs. Walter Robson; Transportation, Mrs. Frank Brown; Cookie convener, Mrs. E. J. Strathairn; Publicity, Mrs. George Reed.

ENTERTAINMENT
Following the general meeting the Brownies and Guides entertained their mothers, with the former group presenting a little poem "The Undiscovered Country."

The Guides concluded the very pleasant evening with a camp-fire and singing, followed by a prayer and "Taps."

FASHION SHOW
Beta Sigma Phi's 7th Annual Fashion Show will be held on Wednesday, March 13, at the Capri Motor Inn, and promises to be one of the best shows seen in Kelowna. The women of Kelowna will marvel at the newest trend in spring hats, notably the "Miss Maggie" which has been made and styled exclusively for one local firm. That popular fashion accessory the wig, will also be featured, and to round out the show many of the local Beauty Salons will show various hair styles in the latest Spring fashion.

Proceeds from the Beta Sigma Phi show will go to the aid of the Canadian Arthritis and Rheumatic Society, and tickets may be obtained from the members, Heathers, or Kelowna's Beauty Salons.

Confined to the Kelowna General Hospital this week are Mrs. R. J. Marshall, Mrs. R. W. Corner, Mrs. D. S. Braun, and Gordon Hurdle, all from the Bankhead and Glenmore districts.

Winfield Hospital Auxiliary Plan Stall For Spring Fair

Thirteen members and two guests were present at the Hospital Auxiliary meeting held in the Club Room of the Memorial Hall with President Mrs. V. Slater in the chair.

The secretary read a letter which invited all the members of the auxiliary to attend the Kelowna Hospital Auxiliary meeting on March 18th to hear Dr. McNair, the guest speaker.

It was reported that the members had catered to a successful Guide and Brownie Mother and Daughter Banquet. The treasurer reported that \$11 had been made by the Telephone Whist Drive held recently.

High score winners were Mr. W. R. Henderson and Mrs. Byron York. Low score consolation awards went to Mrs. B. Biquist and Mrs. C. Fallow.

The theme of this year's fair will be "Blossom Time."

At the conclusion of the meeting a social hour was held during which hostesses Mrs. E. Biquist and Mrs. F. Hall served refreshments.

An Engagement Of Interest Is Announced

Mr. and Mrs. C. F. Kirschner announce the engagement of their only daughter Mary-Ann Elizabeth formerly of Rutland, to Robert Walter Fowler of Victoria, only son of Mr. and Mrs. H. E. Fowler of Regina, Saskatchewan.

The wedding will take place on April 12th at Saint Paul's United Church in Okanagan Mission.

If You're TIRED ALL THE TIME

Have you been feeling a "tired-out" feeling, and may be bothered by backaches, perhaps feeling generally weak, just a temporary condition caused by urinary irritation or bladder discomfort. That's the time to take Dadd's Kidney Pills. Dadd's help stimulate the kidneys to relieve it's condition which may often cause backache and tired feeling. Then you feel better, rest better, work better. Get Dadd's Kidney Pills now. Look for the blue box with the red band of all drug counters. You can depend on Dadd's or

IT'S A STEAL SAY KINSMEN . . .

Kinsman Paul Ponch of Kelowna is caught in act of "lifting" Vernon Kinsmen's gavel during a recent meeting of the two Valley groups in Vernon. Vernon photographer Cameron Leblond caught the photograph while Mr. Ponch captured the gavel . . . all in fun. It was later returned.

Jim Billingsley's

VERNON VIEWPOINTS

Wonder what's happened to the proposed new location for the RCMP detachment.

Jaycees were one force behind new quarters for the police, who are severely taxed for want of space. The bar association is backing the new quarters, and the mayor and council are sympathetic. At one time the B.C. government liquor store on 29th avenue was investigating the possibility of a move to larger quarters on Coldstream Avenue, and the city suggested the vacated premises be renovated to house the RCMP. This was met by everyone with enthusiasm except hotel owners.

They apparently were not so much opposed to the RCMP moving in as the liquor store moving out. Loss of business to the taverns they say.

They're still packing 'em in on Silver Star . . . and this weekend will be no exception as lower mainlanders flock to the sunny, cool crisp North Okanagan. For one group, Jericho Tennis Club of Vancouver, it will be the third safari here since the snows came. One trip lasted four days during carnival week.

Tourist officials, star officials, in fact any official in town that's connected with snow are trying to get the CNR to co-operate (possibly next year) to have trains up here at the right time. Now they leave Vancouver too early for the working class and return too late for work Monday morning. Skiers would like to see a 5 or 6 p.m. departure from the coast and a 7 a.m. arrival Monday. And according to those in the know, the government-owned railway will co-operate providing traffic warrants it . . . the one hitch and possible out for the CNR.

OBITUARIES

H. C. WADE

VERNON (Staff) — Funeral services were held in Vancouver Wednesday for Harry C. Wade, a long-time resident of the Vernon area. He was 74.

Mr. Wade was an active member of Trinity United Church and was widely known in the district for work in club organizations.

He is survived by his wife Jane; two daughters, Madeline and Isabel, both in Vancouver; two brothers and one sister.

Burial took place in Ocean Burial Park, Vancouver.

MRS. EVA LAWRENCE

VERNON — Mrs. Eva Lawrence, a long-time resident of Vernon and district, died suddenly in Victoria Thursday.

Mrs. Lawrence had lived at Ewing's Landing. Funeral services will be held in Victoria Saturday.

She is survived by her husband Peter, one daughter Mrs. Evelyn Belling of Victoria and distant relatives in Canada and Scotland.

RIFT IN VICTORIA EXECUTIVE

Three B.C. Liberals Quit

VICTORIA (CP) — Three members of the Liberal Party executive in Victoria resigned Thursday night at a stormy meeting.

President W. Geoffrey Ellis left the meeting before it was half-way through and before a vote was taken on his motion for a new nominating convention in Victoria constituency for the April 8 federal election.

Treasurer A. G. Beattie and ward 1 president Sidney C. Smith resigned after the motion was defeated 21-8.

Retired navy officer David Groos was nominated last Thursday. He defeated Foster Isherwood and Jack Meares.

Mr. Isherwood later announced he would run as an independent candidate. He was the unsuccessful Liberal candidate in Victoria in the last federal election.

Mr. Isherwood has charged the nominating convention was "manipulated" and four of his supporters were "denied votes" because they arrived late. George Larrigan, first vice-president, is the new president. He said: "The party as a whole endorsed the vote taken at the first nominating convention. No attempt will be made to bring the dissenting camps together."

Asked later why he resigned, Mr. Ellis told reporters Liberal officials in Ottawa apparently disbelieved a report he had filed on the nominating convention. "The report I sent to the National Liberal Federation in Ottawa was completely disregarded, and in fact there was a telegram sent to me in effect that, so far as the powers that be are concerned, the convention had been conducted in a completely democratic manner."

Mr. Ellis said previously there were two more ballots cast than delegates present at the nominating convention and he would resign unless a new convention was held.

Mr. Smith said later he will be Mr. Isherwood's campaign manager.

Reasons Kelowna Chosen As College Site Outlined

VERNON (Staff) — Dr. J. D. Chapman, associate professor, department of geography, UBC Thursday night described in Vernon the processes involved and the decisions of Dr. John B. MacDonald's committee's decision to locate an Okanagan College near Kelowna.

Dr. Chapman made it clear that in speaking of the Okanagan he was speaking of the total potential student enrolment. Dr. Chapman said in trying to arrive at a suggested location the committee looked at the total population as a guide only, and admitted that an error had been made in estimated populations of Penticton, Kelowna, and Vernon. The committee also considered itself about community and distances involved in Kelowna.

Dr. Chapman said that the logical centre for an Okanagan college Dr. Chapman suggested and explained what he called the logic of need for a college in the Okanagan zone.

He said the committee took the total population figure as a guide to potential financial ability to support a suggested program. How the committee arrived at figure for a student pool, actual and potential, he said. "Must not be confused with the total school population."

REGIONAL DIVISION
It was suggested to Dr. MacDonald, the speaker said, that the province be divided into regions in which the need of higher education must be justified. Having done this he said:

"What will these young people do on leaving high school?" Dr. Chapman asked and answered "They might proceed into vocational or technical training; work toward a degree, or do post graduate work of some kind."

He used the state of Oregon as a comparison to British Columbia for population purposes but as a yardstick for higher education requirement. B.C. falls short in post-high school enrolment for 1901 with a total of 1,407 compared to 41,500 for Oregon.

In B.C. Dr. Chapman continued, the total operating cost is about \$20 million for higher education. In Oregon, he said, the cost is between \$60 and \$80 million.

"In B.C. this figure is met from three sources: provincial and federal grants and student fees, plus gifts, bequests and donations of various kinds."

According to the MacDonald report, Dr. Chapman said by 1970 B.C. will be faced with a bill for higher education amounting to \$65 million. "We can do something if we want to—Oregon does . . ." and Dr. Chapman added Oregon expects to spend \$47 million in the next two years on new buildings and facilities.

Dr. Chapman said all factors involved in higher education especially of interest in the Okanagan will be discussed fully at a meeting in Kelowna. "That conference," he said will be one of Western Canada's most important and significant education conferences in 1963."

"Where such institutions were to be located was the best question."

"The Okanagan region to us did not include Kamloops as people in that city do not consider they belonged to the Okanagan."

"Then," he said "we looked at the region as a whole and made estimates of the total potential student enrolment."

Students At Vernon High Hear Of Education Problems

By JIM PERREY
Vernon Staffer High

Dr. Chapman of UBC spoke at VHS Friday. His subject was the much-publicized and rather controversial proposed community college for the Okanagan. The students are expected to be taking time from their crowded schedule to speak to him.

A volleyball tournament will be held Saturday at Vernon high and so in the past Vernon will probably come out with honors. Good luck kids!

In the basketball games against Golden last weekend Vernon came out on top winning both the boys and girls games. Our girls won by 37-4, while the boys topped 14-2, though Vernon topped Golden's playing rough. They did not, as the score indicated, have much trouble defeating that city. This game was the last of the season, thus bringing to a close the season usually held after the games.

SPRING AMBEE
VERNON (Staff) — The 1963 spring criminal justice court will sit in Vernon April 2. At this time provincial officials do not know what cases are scheduled. The judge to convene the sitting has not been named by the attorney general.

POLICE COURT
VERNON (Staff) — Alexander Forchuk was fined \$200 and costs in magistrate's court here following trial and conviction on a charge of driving a motor vehicle while impaired. He pleaded not guilty and was defended by Jack Davis. Crown prosecutor was Peter D. Seaton.

Second payments on the annual new home loan program and students are urged to take their \$12.50 a month at present. The annual is also coming involved in taking club payments. So far the March and April club have been taken.

A special speaker was heard by the IBCV club last Saturday. The speaker had only recently returned from India where she was engaged in missionary work. Members of the club found her talk informative and interesting.

The members of the driving club are progressing rapidly and are now learning to parallel park. They will soon be taking tests for their licenses.

The students' council is tentatively planning a having a marathon walk to Kelowna and back. Many students are enthusiastic about this and hope as though Kelowna will be seeing us soon!

CLASSIFIED
34. Help Wanted,
VERNON
BOYS-GIRLS
Good hustling boys or girls can make extra pocket money delivering papers in Vernon for The Daily Courier when routes are available. We will be having some routes open from time to time. Good company routes. Also need two boys for downtown street sales. Can earn good money and bonuses. Sign up today. Make application to Mr. Bob Briggs, The Daily Courier, old Post Office Building, Vernon, or phone Lideo 2-1410

BEWARE!

of man who speaks with
"FORKED TONGUE"
about bargain prices on
BUILDING and HOME
IMPROVEMENTS . . . !

Beware of the "suede shoes" boys! Every year the hucksters and sharpshooters start knocking on the doors of Kelowna homeowners, weaving a story about needed repairs to their homes. You may not recognize them BUT BEWARE! They could be high-pressure salesmen or they could be exponents of the soft sell. Whichever they are, they are in town for "the kill".

CONSIDER THESE SAFEGUARDS

1. NEVER sign a contract at the door or on the first call.
2. ALWAYS ask for a calling card and check the place of business.
3. IF you are interested, call the place of business and see how long it has been located in that spot.
4. CHECK the firm with your local office of the Chamber of Commerce.
5. MOST important: Get at least two prices from long-established local firms before you sign any contract.

USEFUL CONVERSION OF OLD GARAGE

If you have an old garage you don't want, or even a basement will do, it will con-

vert most usefully into extra living space for the family. Here is a garage which has

been converted into a modern laundry room. The washer-dryer is behind the counter at which junior sits in his coloring book.

The washer-dryer is behind the counter at which junior sits in his coloring book.

Re-Design Whole Room With Aid Of Paintbrush

You can "re-design a room's appearance" if you know the magic tricks of paint color. In this day, when every room may not be the answer to your dream—house architectural, these problem-solving hints from the National Paint, Varnish and Lacquer Association come in handy, indeed.

First, some basic color facts.

LIGHT VS DARK

The lightness or darkness of a color radically affects the illusion of size. Try this test yourself to see how it works. Place side by side identical objects, one in black, the other in white, about three feet apart and light them. You will see the white object is larger and further away, the black smaller and closer.

So it is with walls. White or pastel (which are only colors tinted generously with white) will open up a small area and "enlarge" it.

that if you wish to diminish the wide open space of a room, draw walls close together. Now the color itself.

You may have heard them described as "warm" or "cool." The easiest way to tell which is which, is to relate them to familiar things. Like the sun, blue, green, yellow, orange, red, and purple. They seem warmer to you and make rooms smaller.

Conversely, like the sky, like water, variations of blue, violet, green and gray are the "cooler" colors. They make objects appear to recede. Therefore, rooms look larger.

These colors will actually make you feel warmer or cooler. The colors have little even-temperament about with the size of the room before you paint. For instance, a pastel yellow will seem to cushion you more than a pastel blue, even though they are both pale. So if you're

painting a long, narrow room, you might very well prefer choosing your pastel from the cool family.

Something of long, narrow rooms, it is best to break them up with color. Favorite decorator tricks are painting the two narrow ends in a deep, warm shade and keeping walls light. They shorten the length considerably to your mind's eye. If the ceiling is abnormally high, put it together with the floor by painting them both in the same deep shade.

Homeowners Start Work As Spring Fever Strikes

As spring approaches, the homeowner's thoughts turn traditionally to cleaning-up and sprucing-up his property, both inside and outside.

In addition to the "spring cleaning" phase of the operation (usually Mrs. Homeowner's department), there are matters of minor or major repairs, redecorating, replacement of out-worn or outmoded equipment, even remodeling (the better to meet changing family needs) that are likely to get top priority at this time of year.

Certainly this is a good time to make a systematic check-up of the whole house, assessing the damage that the ravages of winter weather may have caused, and locating potential trouble spots that can result in more serious breakdowns later on.

A good place to start is outside. Check the ground around the home's foundation where washouts may have left holes. Further rainfall will fill these holes with water, which can leak through any crack in the masonry. Such holes should be filled with sand or gravel and topped with soil at grade level. Next take a close look at the foundation. Cracks should be repaired with a pitch base

waterproofing cement that can be applied with a pointing tool, putty knife or trowel.

INSPECT SIDING

Siding should be closely inspected for cracks and splits or decay, and the decayed or rotten boards replaced, where practical. The homeowner also might consider re-siding with asbestos cement siding shingles that are virtually maintenance-free.

Roofing should be checked for loose or curled shingles, and these should be re-nailed in place. Nailheads should be covered with roofing cement. Badly damaged shingles should be replaced. Condition of mortar in the chimney should be checked, and also the flashing, for holes, cracks or corrosion.

Take a look at gutter and downspouts, which may have become loose or damaged during the winter. Tighten up hangers, refastening them where necessary.

Check door frames and windows for deteriorating caulking, and replace it where necessary. Outside paint should be checked for signs of peeling or flaking. Bare spots should be

scraped clean, then treated up promptly to keep moisture from entering the wood. If the condition is widespread, a complete paint job is probably needed as soon as possible.

A close check should be made for possible signs of termites entry. Wooden members that are in contact with the ground should be treated with a penetrating type wood preservative.

HEATING SYSTEM

If heating equipment is more than 20 years old, consider possible modernization. Certainly the furnace and heating plant should be inspected, adjusted and lubricated at least once a year by a competent service man.

Inside the house, look for wall cracks and bulges and sagging ceilings. Check for needed paint work. In dry-wall construction, drive any protruding nails below the surface and fill holes before starting to paint.

Check flooring for needed repairs or replacement of boards or tiles. Consider re-flooring one or more rooms with some of the new, attractive and highly durable materials, such as vinyl tiles.

EASY TILING

Ceiling tile is fastened directly to gypsum board or rock lath with new-type stapling gun by Deutch.

JFK. NIKITA TO MEET

ROME (Reuters)—The right-wing newspaper Il Tempo says that according to "persons normally in contact with Vatican circles" Giovanni Cardinal Urbani of Venice plans to organize a meeting in Venice between President Kennedy and Soviet Premier Khrushchev. The U.S. president is due to visit Italy this year but no dates have been announced.

IMPORTANT FACT ABOUT GENUINE LATH and PLASTER

Greater Protection Against Fire

Protection of your family and your cherished possessions against the spread of fire should be one of the most important considerations in selecting the type of interior finish for your home. Modern lath and plaster construction gives you a solid layer (without open seams or joints) of fire resistant materials on each wall or ceiling surface. This important protective barrier is recognized by most building codes as a real help in preventing the rapid spread of fire.

Since almost 90% of all home fires start inside the house (usually in the basement or kitchen) and sweep upward, it is important that wall and ceiling materials be highly fire resistant and that there be no seams or joints to pop open and allow fire to spread between the walls.

The Perfect Pair for any home!

Building or remodeling? Don't do a thing 'til you see these two new PV panels, now at your building supply dealer. Discover how beautiful your walls can be in rich, exotic Teak Woodgrain. Match them with new Goldentone Square-TEX for the perfect wall-and-ceiling combination. Both panels are genuine all-wood PV Hardboard — pre-finished to save you time and money.

PV GOLDENTONE SQUARE-TEX

This finely-designed panel in spangled gold on a porcelain-white background adds life to overhead areas, yet is restrained and unobtrusive. Joints and fastenings are lost in the smart grid pattern. No messy overhead painting. Available in 4' x 4' panels, with choice of 12" or 16" bold-relief square pattern.

PV TEAK WOODGRAIN

A faithful reproduction of exotic Teak — rich in color, light in tone — modern as this minute! Each panel is cleanly random-grooved to blend joints and conceal fastenings. The clear, tough finish resists damage and ensures long wear. Pre-finished walls in one swift operation!

ORIENTAL FLAVOR of the dining area is enhanced by a colorful cluster of porcelain lighting pendants, in white with multi-colored bands. By Moe Light.

Light Decor Can Prove Functional

Not all fixture lighting is intended specifically to provide illumination for clear, quick, comfortable seeing. Some lighting is used primarily to create an emotionally satisfying environment, according to the American Home Lighting Institute.

Decorative, or non-task lighting can also be highly functional. Used correctly, it helps repair the two most common mistakes in home lighting: Glaring concentrations of light surrounded by drabness or extreme, flat, even lighting.

AVOID HIGH CONTRAST

Undesirable high contrast — or difference in brightness — is often created, for example, by using portable lamps without general light froth ceiling or wall fixtures. The picture is one of pools of light surrounded by extensive unlighted areas. This type of harsh lighting is hard on the eyes and contributes to discomfort and irritability.

Contrasts are normally reduced by lighting a vertical surface, such as a wall or drapery, in the normal field of vision. Such lighting adds to the overall illumination of a room and softens the lighting. Lighting experts employ hanging or surface-mounted fixtures, valances, cornices, wall brackets, coves, soffits or custom architectural lighting for this purpose.

This type of lighting also accentuates the color and texture of wall or window treatments and contributes to the overall interior design. Just as undesirable in the home is even lighting. It does not jangle the nerves like sharp concentrations of light, but it produces boredom and monotony.

we have it!

The IDEA BOOK beyond compare!

- It took 6 months to photograph — two years to produce.
- Each room completely documented with plans, diagrams, templates.
- Over 100 idea-packed pages, each 14" x 11".

DOWNES LANDS SOLID RIGHT TO BEECHAM

Terry Downes, former co-holder of the world middle-weight boxing title, lands a solid right to the head of

Jimmy Becham of Miami in the ninth round of their fight in London's Seymour Hall. Downes stopped the American

in the ninth round of their scheduled ten rounder. Referee Tommy Little halted the

action as Downes chased Becham around the ring with a flurry of punches.

Geoffrion Incident Draws Five Games

MONTREAL (CP) — Bernie (Boom Boom) Geoffrion, Montreal Canadiens' right winger, was suspended without salary today from his team's next five games by the National Hockey League.

Clarence Campbell, league president, said there is "no possible excuse" for Geoffrion's throwing his stick and gloves at referee Vern Bueffey in the first period of Canadiens' 4-3 win over Detroit Red Wings Tuesday.

He said the decision was reached after reading the reports of Bueffey and the two linesmen at the game and after an interview today with Geoffrion.

Campbell said a three-game suspension to Detroit defenseman Howie Young for "an incident of lesser seriousness" had given Geoffrion ample warning.

He said there was no doubt as to the events Tuesday night, and although Geoffrion had tendered his apologies for his actions, the rules "must be applied uniformly."

Geoffrion will be able to play in Canadiens' last four games of the regular season.

Rosewall Defeats Barry MacKay 8-4

INDIANAPOLIS (AP) — Former Australian amateur star Ken Rosewall defeated Dayton's Barry MacKay 8-4 Thursday night for his 13th victory in 16 matches of the touring "world series of pro tennis."

Earl Buchholz of St. Louis defeated Rod Laver, another Aussie who is in his first year as a pro, 8-1. Andres Gimeno of Spain defeated Luis Ayala of Chile 8-4 in the other singles match.

Rosewall and Laver won an exhibition doubles match from MacKay and Buchholz 9-7.

In the standings behind Rosewall are Buchholz 9-7, Laver 8-4, MacKay and Gimeno 7-9 and Ayala 4-12.

FAVORED WALKING

Thomas Jefferson once declared: "Of all the exercises walking is the best."

KELOWNA DAILY COURIER, FRI., MARCH 5, 1963 PAGE 3

West Germany Shutout 6-0 By Canadian Hockey Squad

STOCKHOLM (CP) — Trail Smoke Eaters won their opening game in the world hockey championships as they pleased today, shutting out a brave but inept West German team 6-0 behind the airtight goaltending of Seth Martin.

Trail scored twice in the first period, once in the second and three times in the final session.

Four of the Canadian goals were unassisted, including all three in the third period when the seasoned Smoke Eaters picked the West German defenses to pieces.

Walt Peacock, 25-year-old construction worker from the Pas, Man., scored twice and Harold Jones, Jack McLeod, Harry Smith and Bob McKnight once each. Smith also picked up an assist as did Addy Tambellini.

Martin, a 29-year-old fireman who has played with the Smoke Eaters since 1952 and led them to the world title in 1961, turned aside a total of 27 shots to chalk up the first shutout of the tournament in the championship group.

First Period
The Canadians wasted little time in going ahead 2-0 on a pair of goals by Walt Peacock and Harold Jones. Peacock's marker, on a pass from Andy Tambellini, came at 2:37 and

IMAGE DESCRIBED
VANCOUVER (CP) — Canada's image abroad consists mainly of a Mountie, a polar bear, snow, Quebec, the Doughboys and the Dionne Quintuplets.

Dr. John Frieson, director of the University of British Columbia department of extension, told Kiwanis Thursday.

RIFLEMEN FORM SMALL BORE CLUB

A group of sports enthusiasts in the Kelowna district are considering to form a small bore rifle club in Kelowna.

If a club could be organized, competitions could be arranged between other valley cities, Penticton and Vernon both have small bore rifle clubs.

Anyone interested in becoming a member of this club is asked to leave their name, address and age with the Sports Editor of the Kelowna Daily Courier.

Grid Teams Start Exhibition Tilts

MONTREAL (CP) — Calgary Stampede, Edmonton Eskimos and Hamilton Tiger-Cats were on the pre-season exhibition game schedule announced today by Montreal Alouettes of the Eastern Football Conference.

All three games will be played here at night.

The dates: Calgary July 17, Edmonton July 22, Hamilton Aug. 1.

Shields Gets Test Against Richardson

BRANDON (CP) — Calgary's Jim Shields risked his chance today to wrap up the Canadian Curling Championships early. All the Alberta foursome has to do is beat the favorites.

It should be the measure of Jim Shields' confidence in his own team that he is willing to risk his chance to win the title by facing the defending champions from Regina this morning in the 19th round of the week-long round-robin competition.

On the other hand, if Shields can take the measure of Richardson's team, he can all but guarantee his team a berth in the 11th round of the 11th championship.

On the other hand, if Shields can take the measure of Richardson's team, he can all but guarantee his team a berth in the 11th round of the 11th championship.

lead risk to see whether they get another chance at him in a playoff.

Both leaders came through Thursday's schedule without a defeat. Shields posting three victories to run his record to nine wins against a single loss while Richardson won twice for an 8-1 record.

COULD BE 3-WAY
British Columbia, the rink that produced the only test on the records of both Saskatchewan and Alberta, has a 7-3 mark and an outside chance of making it a three-way tie Glen Harper of Duncan, B.C., has New Brunswick and Ontario to contend with today.

Richardson's victims Thursday were Doug Catherine's Northern Ontario rink from Copper Cliff which tossed 8-6 and Ian Baird's Nova Scotia foursome from Kentville, beaten 14-7.

Shields defeated Bill Kent's Quebec entry from Montreal 8-6, thumped Northern Ontario 10-3 and followed up with a 9-3 win over Nova Scotia.

The B.C. foursome also picked up three victories—11-4 over Doug Catherine's Prince Edward Islanders from Charlottetown, 12-1 over Herb Lermer's luckless Winnipeg entry and 14-3 over John Pate's quartet from Grand Falls, N.B.

The Manitobans, who hadn't won a game in seven starts, rebounded to the ninth round to break their fastidious tie with Quebec by scoring a resounding 15-3 victory.

MIX NIPS PICK
In seventh-round matches involving the also-rans, Ontario edged Manitoba 9-8 in an extra end as Bob Mann of Hanover, Ont. began a perfect day, and Don Mix of Moncton, N.B., came from behind to nip Newfoundland 8-7.

In the eighth round, P.E.I. edged Quebec 7-6 and Ontario edged Newfoundland 10-8. In the ninth, Ontario whipped New Brunswick 9-3 and Northern Ontario downed P.E.I. 10-7.

The eighth round produced two six-enders, the first of the tournament, by the two leading contenders. Shields got his in the fourth end of his battle with Northern Ontario after the Alberta skip had blanked the first three. Minutes later, Saskatchewan broke its match with Nova Scotia wide open as Richardson counted his six in the fifth end.

NHL LEADERS
By THE CANADIAN PRESS
Standings: Chicago, won 30, lost 18, tied 13, points 73.
Points: Howe, Detroit, 74.
Goals: Mahovlich, Toronto, 34.

Shutouts: Plante, Montreal, 5.
Penalties: Young, Detroit, 233 minutes (NHL record).

PLAN TWO DISPLAYS
TOKYO (AP) — Japan will spend \$1,500,000 for a government pavilion and about \$9,000,000 on a non-government pavilion at the 1964-65 New York World's Fair, fair officials said today.

including last year's over-all winners, John Jones and Lou Lalonde of Toronto. Deadline for entries is Saturday, March 16.

Other major North American manufacturers who have entered teams are Ford, with three Falcons, and Chrysler, with three 300s. The only member of the big three without a manufacturer's entry so far is General Motors.

Heading the list of European manufacturers is the Renault three-car team.

Jim Gunn of Toronto, rally organizer, says he expects a total of about 75 cars. Prize money, put up by the sponsoring oil company, totals 6,000.

Shapely Designer Enters Cross Canada Car Rally

TORONTO (CP) — Juliette Legare, 26, a shapely Montreal hat designer who also dabbles in classical music and acting, will add about 125 pounds of glamor to the 4,000-mile Vancouver-Montreal car rally next month.

She is entered as a co-driver with Star Hammen of Grosse Pointe, Mich.

This combination is one of three two-girl crews entered by Studebaker of Canada in the gruelling rally, longest in the world, that will start at Vancouver April 20 and end at Montreal April 26.

Studebaker expects to bring its final entry list to six cars—three with girls driving Larks and three with two-man crews,

CANADA DEPARTMENT

CITIZENSHIP AND IMMIGRATION

SEALD TENDERS addressed to the Indian Commissioner for British Columbia and Yukon, Indian Affairs Branch, Department of Citizenship and Immigration, P.O. Box 70, Postal Station "A", Vancouver 1, B.C. Canada, will be received until 4:00 P.M. (P.S.T.) on April 1, 1963 for the consideration by members of:

1. One classroom addition to the existing combined day classroom school and kindergarten building (CA 101-01).
2. Two bedroom bungalow (CA 122).

Deadweight Indian Reserve No. 1 - 1 mile N of Burnaby, B.C.

Contractors shall tender in complete accordance with the drawings, specifications and tendering documents supplied by the Department for that purpose.

The drawings, specifications and other documents will be available at the following places from Monday, March 4, 1963 until April 1, 1963:

1. Indian Commissioner for British Columbia and Yukon, Indian Affairs Branch, P.O. Box 70, Vancouver 1, B.C.
2. Superintendent of Indian Agency, Kamloops, B.C.

General Instructions to Tenderers:

Drawings and specifications are available at the above address upon payment of Twenty-five dollars (\$25.00) for each set of documents in the form of a certified cheque made payable to the Receiver General of Canada. This deposit will be returned upon return of the drawings and specifications in good condition to the tenderer, within two months from the date on which tenders are closed.

To receive consideration, tenders must be submitted in the tender form provided and must be accompanied by a certified cheque drawn on a chartered bank in Canada, payable to the Receiver General of Canada of a bid bond in an amount equal to the tender price (10% of the tender price or \$2000.00, whichever is greater) of the Canadian National Railway Company and its constituent companies.

The Department reserves the right to reject any or all tenders, and the lowest tender will not necessarily be accepted.

Department of Citizenship and Immigration, February 1963

Burnaby-Coquitlam Socreds Choose A Poet Candidate

By THE CANADIAN PRESS

Social Crediters in Burnaby-Coquitlam got themselves both a candidate and a composer in Rene Gamache Wednesday night.

Gamache was unopposed in his bid to become Social Credit candidate in the riding in the April 8 federal election, and to celebrate the occasion he produced a social Credit victory song, to the tune of John Brown's Body.

Canadian Social Crediters will never stop.

Till Canada's Social Credit from bottom to top.

No more NDP, no more Liberal killypop.

And the Tories are all gone. Following the nomination the delegates to the convention broke into tune and circled the hall clapping hands.

J. H. Uwila, a former Social Credit whip in Alberta, said the party's aim is to change Canada's system of money distribution.

A Social Credit government would create a municipal fund so that cities and municipalities could borrow at low rates of interest.

"They call us funny-money people," he said, "but no one has been able to deny we're right."

Mr. Gamache, unsuccessful candidate in Burnaby-Coquitlam last June 15, said he wasn't concerned whether he wins or loses. One of his opponents is T. C. Douglas, national New Democratic Party leader.

"I am concerned," he said, "that we all realize in the near future that Social Credit is the only party that can weld the people together and get good conditions for Canada and also in the running."

CONTRACT BRIDGE

By B. JAY BECKER

(Top Record-Holder in Masters' Individual Championship Play)

TEST YOUR PLAY

1. You are declarer with the West hand at Four Spades.

South West North East
Pass 1♠ Pass 1♥
Pass 1♠ Pass 2♠
Pass 4♠

North leads the two of diamonds and South cashes the A-K and returns the four of hearts. How would you play the hand?

2. You are declarer with the West hand at Six Diamonds. North leads the queen of hearts and continues with the jack. South playing the six and then the four. How would you play the hand?

3. Three is more to the pay of this hand than meets the eye. Peculiarly enough, the proper play is the three of hearts on South's four. To play the queen or king is practically sure to lead to defeat.

Let's see why this is so. Having lost the first two tricks, if West reasons that he cannot make the hand unless South has

the king of spades. He plans to take the spade finesse and hopes South has the king. He has to credit South with that card because he cannot expect to make the contract otherwise.

Once declarer makes this assumption, it follows that North has the ace of hearts. It is inconceivable that South was dealt the A-K of diamonds which he has already played, the king of spades which he is assumed to have, and the ace of hearts as well. South certainly would have opened the bidding with all of these cards.

The only hope, therefore, is that South was dealt the J-10-x or J-10-x-x of hearts, in which case the ace of hearts will be forced out without wasting an honor. To play the king or queen is sure to lead to two heart losers and eventual defeat.

2. The problem is to avoid a spade loser. The best way of playing the hand is to try for a dummy reversal. Ruff the heart high and cash the J-9 of diamonds. If both opponents follow suit, ruff the eight of hearts, enter dummy with a club, and play a club to the queen, cash the queen of diamonds, discarding the five of spades, and the rest are yours.

If it turns out, after cashing the J-9, that the diamonds are divided 4-1, there is still a chance of making the hand by cashing four clubs and discarding two spades from dummy. If all goes well, this method of play will also succeed.

YOUR HOROSCOPE

FOR TOMORROW

Present planetary influences suggest a need for checking and re-checking plans, since carelessness or haste could result in costly error. Don't worry if you don't accomplish everything on your schedule. Better to do less and do it well.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that the year ahead will comprise an excellent period in which to put your skills and talents to better use and, if possible, to find a wider scope for your endeavors. Be alert in displaying your originality and ingenuity in both job and financial matters—especially between now and mid-April and in the September-December period—since such efforts should produce fine results. Despite indications of progress in financial matters, we

would suggest, however, that you follow a conservative path and avoid extravagance this year—particularly in late April and November—since unnecessary expenditures or speculation could offset gains. The stars are definitely averse to all risk-taking.

Be wary in personal relationships in late August and November, when there will be a tendency toward emotionalism which could cause conflict. Otherwise, your social and domestic concerns should run smoothly.

Travel will be governed by excellent aspects in July and August, and December should be an all-around good month. A child born on this day will be endowed with artistic gifts but will have to fight a tendency toward easy discouragement concerning his efforts.

Lots of Guns, Russians In Cuba Says CBC Team

A four-man Canadian Broadcasting Corporation news team recently spent a fortnight in Cuba. In this story, one of the party gives his personal impressions of the Caribbean island.

By Kenneth Nash
CBC Washington Correspondent

Two of the striking impressions you get in Cuba are that there are so many guns and so many Russians.

Almost half the people carry machine-guns, rifles or pistols. To a Canadian, it seems unusual to be greeted by a hotel doorman carrying a Czechoslovak burp gun and a pistol-packing room clerk. Militia boys and girls, some as young as 15,

carry guns. One young militia girl I saw carried a rifle almost bigger than she.

I went to a Russian motion picture one evening. Many boys and girls on a date held hands with one hand and carried their guns in the other.

Initially there is a measure of alarm at the sight of so many guns. You get a feeling of frustration at the sight of so many Russians. Cubans constantly mistook us for Russians, apparently believing any fair-haired person is a Soviet citizen. It entailed endless explanations that we were Canadian.

Hundreds of Russians in civilian clothes wander about the city or are jammed in the back of trucks on the way to factories but I saw few Chinese.

The Chinese I did see were the most properly dressed of anybody in Cuba, even wearing suits, shirts and ties—something the Russians and Cubans generally do not do.

FOOD SCARCE

Food is scarce although nobody is starving, and it is expensive in restaurants. Stringy pork and elderly chicken with rice are the main dishes, and outside Havana the food is rather less appetizing. The Cubans themselves are on tight rations, including one chicken a month, an eighth of a pound of butter a month and five eggs a month, if they can get them. Except for some diplomatic meals, I did not see an egg or butter in two weeks in Cuba.

We were in Cuba at sugarcane cutting season and the government had launched a campaign for volunteer cutters. The No. 2 man in Cuba, economic czar Ernesto (Che) Guevara, spent two weeks cutting cane in Camaguey province.

My interview with him in the cane fields was intriguing. He stood beside a cane-cutting machine, chomping a cigar, wearing what he called a "machine-gun" pistol that I was told fires 20 shots. Around us in a semicircle were his guards, all carrying machine-guns, rifles, pistols and machetes.

Guevara was glad to answer questions and this seemed to be the attitude of the Cuban people generally. Those who support the Castro government are enormously proud of their guns, their communism and the new houses and hospitals they have built. Those who oppose Castro are equally anxious to talk, but only out of earshot of secret police or microphones.

Banker Says Chaos Sequel To Caouette's Cash Policy

CALGARY (CP) — Eric W. Kerrans, president of the Montreal and Canadian stock exchanges, Thursday brought his campaign against Real Caouette to the fore in the Canadian Social Credit movement.

Speaking at the annual meeting of the Independent Petroleum Association of Canada and earlier in an interview, he said the policies advocated by the deputy Social Credit leader would result in economic chaos.

He suggested Premier E. C. Manning, who has led a Social Credit government in Alberta for 20 years, should visit Quebec to see if he can continue to support the party in that province.

Mr. Kerrans suggested Mr. Manning tell citizens of Quebec of his position on the deputy leader's policies and promises. He said the "Caouette Creditists" will control the policy of the Social Credit group in the next Parliament "by passion and force of numbers."

"It would be tragic if Premier Manning, the dean of provincial premiers, rode into history chained to the chariot of Real Caouette," said Mr. Kerrans. "These (Mr. Caouette's) promises of social dividends, the cancellation of debt and higher interest rates, without any reference to increased production, are doomed and the people of Quebec will be the innocent victims."

He told the oil men Canada is not in tune with the world and the country will be forced to implement a policy of more free trade.

"Our reputation in international negotiations is nothing of which we can be proud. We are almost second from an attempt to form a Western union," said Mr. Kerrans.

Canada cannot expect the United States to reduce its tariff barriers against Canada without demanding this country reduce its barriers against American goods as well.

He said the United States is attempting to achieve political and economic unity of the West. The U.S. is showing a generosity unparalleled in the history of the world.

National Transport Control Recommended By NDP Leader

BIGGAR, Sask. (CP) — The leader of the New Democratic Party said Thursday night a federal NDP government would establish a national transportation authority to make transportation more efficient and less competitive.

T. C. Douglas told a capacity crowd of 450 in the town hall of this railroad community that proposals for abandonment of railway lines in the Prairie provinces must take into account the social and economic needs of the people.

"Railway policy must be made subservient to national policy. The abandonment program proposed by the two railway companies threatens to cut the lifeline of scores of small communities on the Prairies."

The railroads claim that the are over 4,000 miles of branch lines on the Prairies that are unprofitable and should be abandoned. This could involve between 2,000 and 3,000 miles of line in Saskatchewan alone.

"NEED STRONG VOICE" Branch lines abandonment questions to be discussed in the next Parliament following the April 8 election, and "the West must have a strong and effective voice in that Parliament if we are to prevent the Prairies being sacrificed to the demands of the railway companies."

Mr. Douglas said that in spite of frequent queries during the last Parliament he had been unable to get a specific commitment from the federal government on the matter.

The speech was Mr. Douglas' second of the day in Rosetown-Biggart constituency, represented for 23 years by M. J. Caldwell, senior statesman of the party. The seat was held in the last Parliament by the Progressive Conservative party.

At an afternoon meeting in the rural community of Elrose, Mr. Douglas said farmers must become involved in the processing, packaging and distributing of their products, if they want to retain economic solvency.

Mr. Douglas addresses students at the University of Saskatchewan in Saskatoon today, and drives to North Battleford tonight for a public meeting.

AROUND B.C.

Falling Tree Kills Logger

TERRACE (CP) — A woods-worker was killed in a logging accident near Kitimat Thursday. The victim is Edward P. Trifun, who was struck by a falling tree.

DRUG CHARGES LAID

VANCOUVER (CP) — Nine persons suspected of drug possession were rounded up by police Wednesday night and Thursday in two raids. John Kobarschi, 34, William John Wess, 31, George Edward Myrock, 22, Gary James George, 24, and David William Cullen, 24, were charged with drug possession and remanded to March 12. Two men and two women arrested Thursday were later released.

WHIPPING WITHDRAWN

VANCOUVER (CP) — Court of Appeal has taken away the padding portion of a sentence given Gunter Horyna, 17, for his part in the beating of an elderly Duncan woman and cut his four-year prison term to two years. Horyna was sentenced last Oct. 26. In an appeal a psychiatrist told the court the youth's chances of being rehabilitated would be better without the whipping.

YOUTH JAILED

VANCOUVER (CP) — Bruce Elphinstone, 21, of Burnaby, was jailed for a month Thursday for attempting to defeat the course of justice by masquerading as his brother in an impaired driving case.

CLINIC SUGGESTED

VANCOUVER (CP) — A counselling clinic for troubled persons should be set up in Vancouver immediately as an inter-denominational project. Godfrey P. Gower, Anglican bishop of New Westminster told an inter-faith seminar Thursday.

Revolutionary Straight-Up Jet For Use As RAF Transport

LONDON (Reuters) — The RAF is to be equipped with a revolutionary tactical transport aircraft, capable in final form of vertical take-off and landing. This has behind an announcement by Aviation Minister Julian Amery in the House of Commons Tuesday that subject to contract, the government has decided that a replacement of its piston-engined Beverley and Hastings transports should be based on the Hawker-Siddeley AW-69. He thought the new planes would fly in 1968. The AW-69 will be powered by four vectored-thrust jet engines mounted below the wings.

The capacity of vectored thrust aircraft was demonstrated spectacularly at Britain's last Farborough air display in the Hawker P-117 aircraft, which took off and landed vertically, streaked across the airfield at high speed and even flew backwards.

The AW-69 will be a large transport, able to operate from short runways with full load. Later it is expected to be fitted with vertical-thrust jet engines fitted in detachable pods on the outer wings to give vertical take-off.

The aircraft can be adapted for passengers, paratroop and casualty - evaluation roles. It will be able to carry the majority of current and projected army vehicles and equipment.

Woman In Orbit "Soon" Says Soviet

VIENNA (Reuters) — Russia may put a woman into orbit around the earth this year, the Hungarian news agency MTI said today, quoting reports from Moscow.

The agency quoted other Moscow reports that new space flights would be made by one of the four Russian spacemen—Yuri Gagarin, Gherman Titov, Andrian Nikolayev and Pavel Popovich—for perhaps the four together.

The world's first postage stamp was the famous "penny black" issued in Britain in 1840.

Quebec To Lower Voting Limit To Bring In 18-Year-Olds

By THE CANADIAN PRESS.
Teen-agers received a vote of confidence Thursday from members of the Quebec legislature — and some of them received preliminary approval for provincial voting rights.

The Quebec members, sitting in special committee, unanimously approved an extension of suffrage to 18-year-olds. The previous age limit was 21.

Quebec would become the fourth province to lower its age limits. Alberta and Saskatchewan have allowed 18-year-olds the privilege and British Columbia has lowered its age limit to 19.

The proposal must be passed by the full assembly and the Quebec upper house before becoming law.

Developments in other legislatures: Victoria—Education Minister Peterson said he will introduce a bill to set up British Columbia's first private university, the Roman Catholic Notre Dame College at Nelson in the southeast Kootenay. It now gives four years of higher education but cannot grant its own degrees.

Edmonton—Welfare Minister L. C. Halmstad announced in the Alberta legislature the Social Credit government has started a program to supply radioactive fallout monitoring equipment in all municipalities. The four-year program will cost \$250,000.

Regina — The Saskatchewan legislature gave first reading to a bill, promised by the CCF government in the throne speech — to establish the Saskatchewan public administration foundation.

It would set up a seven-man board, appointed by the cabinet but with the University of Saskatchewan and the Institute of Public Administration each nominating a member, to run the foundation. The foundation would train personnel and do research work in the civil service field.

Winnipeg — Premier Roblin's Conservative government, re-elected in December, survived its first test of strength, defeating a non-confidence motion 31-to-15. Liberal opposition members voted with New Democratic Party members on an NDP amendment to a Liberal non-confidence motion. The original motion would be dealt with later.

Toronto—The Ontario legislature held its first free vote when strict party lines are relaxed—since 1947.

The 50-to-21 vote, with nine government Conservatives, eight opposition Liberals and four New Democratic Party members in favor—killed a pri-
